**LONGLIFE® COMPOSITE FOLDING RULER | BLACK/ RED OR LIGHT
GREY**

KUNSTSTOFFWERK AG BUCHS • RHEINAUSTRASSE 7 • 9470 BUCHS
• SCHWEIZ

Material: COMPOSITE made of GF reinforced plastic in combination with glass fibre layers, water and chemical resistant.

Joint: Free of play and wear, dirt-insensitive patent joint, with stainless steel spring rod for uniformly high tension, useful 90° detent for all joints.

Division: White embossed numbers (scale) on a very legible black background. Black embossed numbers (scale) with red tens on a light grey background.

Accuracy: According to EU standard, accuracy class II, CE tested.

Packaging: Composite of 10.

This folding rule is characterized by additional elongated glass fiber layers, which gives it a very high stiffness. It is particularly suitable for measuring long distances in width or height.
Steif. Steifer. Composite.
