KUNSTSTOFFWERK AG BUCHS • RHEINAUSTRASSE 7 • 9470 BUCHS
• SCHWEIZ

Material:	Fiberglass-reinforced polyamide is scratch, scratch and particularly bending-resistant, water-resistant and resistant to chemicals.
Joint:	Free of play, wear and intensive to dirt construction joint with spring rod for uniformly high tension. Useful 90° lock-in position of all joints.
Division:	Deep embossed, black graduation in 1 mm steps, red embossed tens. Wear-resistant metal ends at start and end link. Reading on both sides by backwards running scale (recto/verso).
Accuracy:	According to EU standard Accuracy class III.
Packaging:	10er neutral

This folding rule is characterised by a very long service life.

This universal genius has all the characteristics and achievements of Longlife, but still convinces through easier to use. With the regressive scaling, precise measurement of short distances becomes even easier.

Simple application included.
